**HESS MICROGEN LLC'S**  
**FINAL STATEMENT OF POSITION**

TO THE HONORABLE PUBLIC UTILITIES COMMISSION OF THE STATE OF HAWAII:

HESS MICROGEN, LLC ("Hess") hereby respectfully submits its Final Statement of Position in the above-referenced Docket to the Hawaii Public Utilities Commission ("Commission") pursuant to the Commission's Order No. 21575.

Hess' position remains the same as stated in its Preliminary Statement of Position filed in this Docket on March 14, 2005. The only thing that Hess would add is that it agrees with Hawaiian Electric Company, Inc.'s; Maui Electric Company, Limited's, and Hawaii Electric Light Company, Inc.'s (hereinafter jointly referred to as "HECO") position that, "[f]or combined heat and power ("CHP") resources. . .it is important to recognize that these resources are very different from traditional supply-side resources providing power to the grid and should not be subject to the same bid process."<sup>1</sup> Additionally, Hess supports HECO's competitive procurement process for CHP resources installed at customer sites.<sup>2</sup>

---

<sup>1</sup> See, HECO's response to PUC-IR-44 in this Docket.  
<sup>2</sup> Ibid. and HECO's response to PUC-IR-50 in this Docket.

Also, pursuant to the Commission's Order No. 21575, Hess hereby identifies Mike Gregg, Vice President of Sales, as its witness who will be made available during the Panel Hearing during the week of October 17, 2005.

Respectfully submitted.

DATED: Honolulu, Hawaii, August 11, 2005
